

"We Guarantee Compassionate Care"

## Accessible Home Health Care of Houston

CMS Home Health Compare Star Ratings release dated January 24, 2018, Accessible Home Health Care of Houston has achieved a 4.5 Star Rating; (out of a possible 5.0) this evaluation by CMS places Accessible Home Health Care in the top 5% in the State of Texas, and in the top 10% nationwide.

Accessible Home Health Care of Houston has placed its primary focus on quality of care and positive patient outcomes, in a team approach. We work in concert with the patient, patient's family, referring Physicians, clinical team members, and our administrative support staff to deliver patient centered care. Our communication process is "closed loop", to a point that we even provide an "Accessible Care Caller Device" that allows a patient to connect with their nurse at a touch of a button, (at no cost to the patient). Currently, in the Houston metropolitan area, we are the only Home Health Agency that utilizes this technology.

Accessible Home Health Care has been "Accredited" with The Joint Commission since 2011, which demonstrates a commitment to quality and patient safety on an ongoing basis. We currently work with most major hospitals, rehabilitation centers, skilled nursing facilities, and assisted living facilities in the Houston metropolitan area.
